Dear Miss Blackwell:

That is very good of you, to write letters in our cause, based, I presume, upon our bulletins; and it's mighty good of you to do this as well as to help keep the job going. You help greatly to make the work possible over the summer.

Miss Metzel of our office will send you a list of papers where we would like to put a little pressure on the editors.

Sincerely yours,

RNB:EM

Dear Miss Blackwell:

Attached is a publicity list to which our monthly bulletin goes. We should be very glad if you could suggest any more papers or magazines (I have another list which includes Time, the New York and Chicago papers, the New Orleans and Kansas City papers; but I know your familiarity with the Eastern newspapers would be invaluable to us). In this list you might find suggestions as to whom to send your letters. As this is the only copy I have, I hope you will send it to me as soon as you have finished with it.

Yours very truly,
